

Regarding Accreditation

The Seminary is in the process of seeking accreditation for this course as a FET level program with the Department of Education. This may result in some changes to the program due to registration and accreditation process.

Program operation

- Students have to complete readings and assignments at home in advance
- The student will meet with the Tutor/Pastor for at least 1 – 2 hours per week and work through the relevant course material together
- The Seminary liaises with the Tutor/Pastor to ascertain the progress made by each student for each credit
- The Seminary does require an evaluation form from the Tutor/Pastor for each credit completed
- Study records are kept and upon completion of all the necessary credits a certificate will be awarded and a transcript issued by the Seminary. This is usually done at the graduation ceremony in November.
- Specialized areas of study may be arranged in co-operation between the Pulse Director, the Tutor/Pastor and the student.
